FOR IMMEDIATE RELEASE

ENTAP Honored as an Indiana Company to Watch IT Consulting Firm Serves Finish Line, SM&P, Indiana University and the State of Indiana

INDIANAPOLIS (August 11, 2009) – ENTAP Inc., an IT consulting and outsourcing firm specializing in business application integration and enterprise resource planning (ERP) solutions, has been recognized as one of the 2009 Indiana Companies to Watch. This annual awards program celebrates 50 privately held, second-stage Indiana companies recognized as thriving in their industries through exceptional entrepreneurial leadership while also exhibiting the intent and capacity to sustain long-term growth.

ENTAP's strategy for being recognized as an IT industry leader is to put only the most qualified enterprise business application and ERP integration consultants in front of its clients. The company's success is due to its deep and broad talent pool including a senior leader recruited from a large IT consulting firm and a team of seasoned technology experts. Founded in 2004 by President and CEO Tracy E. Barnes, ENTAP has grown from one to 20 employees and continues to prove itself as an emerging IT solutions firm boasting at least 100 percent year over year revenue growth.

"ENTAP delivers large IT consulting firm experience, expertise and methodology combined with a small business approach that gives our clients the expert attention, proactive support and strategic results they demand," says Barnes. The firm has many notable clients in the government, education, commercial, financial and public sectors including the State of Indiana, Finish Line, University of Maryland System, Blue Cross Blue Shield and Future Farmers of America.

ENTAP will be honored during the 2009 Indiana Companies to Watch awards program to be held on August 27 in Indianapolis. For more information call 317-634-9523 or visit <http://www.entap.com>.

About Indiana Companies to Watch

Indiana Companies to Watch is a collaboration among the Indiana Economic Development Corp. through its Small Business Development Center Network, Purdue University and the Edward Lowe Foundation. More than 500 second-stage Indiana companies were nominated for the 2009 Companies to Watch program. The nominees were narrowed to 50 companies that emerged to best demonstrate the intent and capacity to grow based on employee or sales growth, exceptional entrepreneurial leadership, sustainable competitive advantage and other notable strengths. Companies honored range from traditional businesses involved in manufacturing, financial services and retail trade to high-tech companies working in the life sciences, information technology, telecommunications and aerospace industries.

About ENTAP

ENTAP Inc. is an industry-leading IT consulting and outsourcing firm that provides enterprise integration of financial, human resource, supply chain and customer relationship management (CRM) applications. The firm's enterprise systems consultants leverage their business process knowledge and technical expertise to conduct thorough analyses of IT architecture. Solutions are then developed that include the application development, integration, support and training necessary to result in improved operational efficiencies and increased profitability. Services include business process and change management; Enterprise Resource Planning (ERP) solutions, application integration and support; custom business application development; and managed services and hosting powered by Savvis. Supporting Oracle, PeopleSoft and Microsoft enterprise systems, ENTAP offers application integration services across all technology platforms, operating systems and infrastructures. ENTAP is a nationally certified Minority Business Enterprise and SBA 8(a) eligible to receive federal contracts. For more information call 317-634-9523 or visit <http://www.entap.com>.
