FOR IMMEDIATE RELEASE

ENTAP Named Finalist for Prestigious TechPoint Mira Award

Organization receives honor in the information technology category

INDIANAPOLIS (April 27, 2009) – ENTAP Inc., an IT consulting and outsourcing firm specializing in business application support and Enterprise Resource Planning (ERP) solutions, has been named a finalist for the 2009 TechPoint Mira Award in the Information Technology category. Four independent panels of judges chose 63 finalists from a record number of nominations in 11 categories. The 2009 winners will be announced at an awards event on Saturday, May 16.

“Being named a Mira Award finalist is an honor,” said ENTAP Founder, President and Chief Executive Officer Tracy Barnes. “This recognition substantiates the significant market demand for our integrated ERP solutions and validates the strength of our company within Indiana’s increasingly competitive IT market.”

TechPoint is Indiana’s only statewide initiative to focus on accelerating the state’s emerging and vibrant IT sector. According to TechPoint, the 2009 pool of Mira Award finalists represents the top technology businesses and business professionals in the state of Indiana.

“The Mira Awards recognize the achievements of some outstanding performers and contributors,” said Jim Jay, president and chief executive officer of TechPoint. “It’s also a great way to focus attention on the broader issue of the important role technology plays in our state’s economy.”

About ENTAP Inc.

ENTAP Inc. is an industry-leading IT consulting and outsourcing firm that provides enterprise integration of financial, human resource, supply chain and customer relationship management (CRM) applications. The firm’s enterprise systems consultants leverage their business process knowledge and technical expertise to conduct thorough analyses of IT architecture. Solutions are then developed that include the application development, integration, support and training necessary to result in improved operational efficiencies and increased profitability. Services include business process and change management; Enterprise Resource Planning (ERP) solutions, application integration and support; custom business application development; and managed services and hosting powered by Savvis. Supporting Oracle, PeopleSoft and Microsoft enterprise systems, ENTAP offers application integration services across all technology platforms, operating systems and infrastructures. ENTAP is a nationally certified Minority Business Enterprise and SBA 8(a) eligible to receive federal contracts. For more information call 317-634-9523 or visit <http://www.entap.com>.
